# Ashe Memorial Hospital now offering 3D mammography

Ashe Memorial Hospital is pleased to announce that our imaging department is now equipped with 3D mammography. Through the generosity of our donors and Blue Ridge Energy, Ashe Memorial Hospital was able to purchase the Hologic Selenia Dimension 3D Performance System, which allows patients to receive 3D mammograms and stereotactic breast biopsies close to home.

*"We are excited to be able to bring this advanced breast imaging capability to our community," imaging director Patty Mininni said. "Our staff, physicians and patients have been anxiously awaiting its delivery."*
