The Alleghany Arts Council

"Art enables us to find ourselves and lose ourselves at the same time" - Thomas Merton

The arts have a profoundly positive effect on us as people. Research shows they improve things like our mental health, creativity, and the academic performance of kids in schools. The arts strengthen the communities we share. They shape our collective identity and improve our social wellbeing.

Over the course of three years, a group called Knight and Gallup conducted a study called "The Soul of the Community." They talked with 43,000 people in nearly 30 communities around the United States and discovered something super inspiring. **Art binds us.** Art brings us together physically, gives us a shared experience, and helps us find common ground. When we enjoy great music, visit museums, or attend art centered events, something truly magical happens.

We forget our differences and form connections with one another that help us grow stronger- more united. This is the reason we do what we do here, at The Alleghany Arts Council.

We are a registered non-profit that was incorporated in February 1976. Today, we are powered by a small Board of dedicated, hardworking volunteers who are passionate about the arts and strengthening the small mountain community we call home. We meet

behind the scenes, after long days at work, to bring a variety of robust, soul filling, creative programming to folks young and old, near and far, throughout the year.

"The purpose of art is washing the dust of daily life of our souls." - Pablo Picasso

From June-October, *Music on Main* floods our historic downtown streets with people dancing, laughing, making friends, and precious memories. Our *Saturdays In The Park* concert series invites families and friends to gather on the lawn of

Crouse Park with their picnics for music filled nights and fun under the stars.

Throughout the year, our *Taste of The Arts* programming gives residents and visitors alike a chance to meet local artists and get introduced to different types of art in immersive small group workshops. Over the course of a few hours, participants enjoy an experience that inspires and builds community. Our *Mural*

Project immortalizes local artists and adds to the beauty and pride of our town. And, our *As The Beat Goes On* series brings singer/songwriters to our town that fill our community with music and good vibes during our coldest, foggiest, and darkest winter months.

The Council Board members are just part of our story. Our programs simply would not be possible without the amazing volunteers who lend a hand, the generosity of individuals and businesses who support us through donations, and the grants that provide us with essential funding. We are very proud to partner with the North Carolina Arts Council, the Tourism Development Authority, the Allegheny Chamber for Economic Development, Allegheny County, and the Town of Sparta. Through the combination of these valuable partnerships, good neighbor support and financial funding, we are able to keep going, bring the arts to life, and create ties that bind our hearts, minds, and community together.

If you would like to support us as we continue to enrich and strengthen our Allegheny community through the arts, please visit our website (<https://www.alleghenyartscouncil.org/>) and join our "Donate a little, share a lot" campaign.
